

## STAJIROVKA HISOBOTI

Toshkent kimyo-texnologiya instituti Vinochilik texnologiyasi va sanoat uzumchiligi fakulteti decani **Abdullayev Umid Kuychiyevich** va “Enologiya va umumiyligini ovqatlanisni tashkil etish” kafedrasini mudiri **Boboyev Akmal Xotamovichlarning Daniya Qirolligining Kopengagen universitetiga 28.06.2023-13.07-2023 kunlari stajirovka o’taganligi haqidagi**

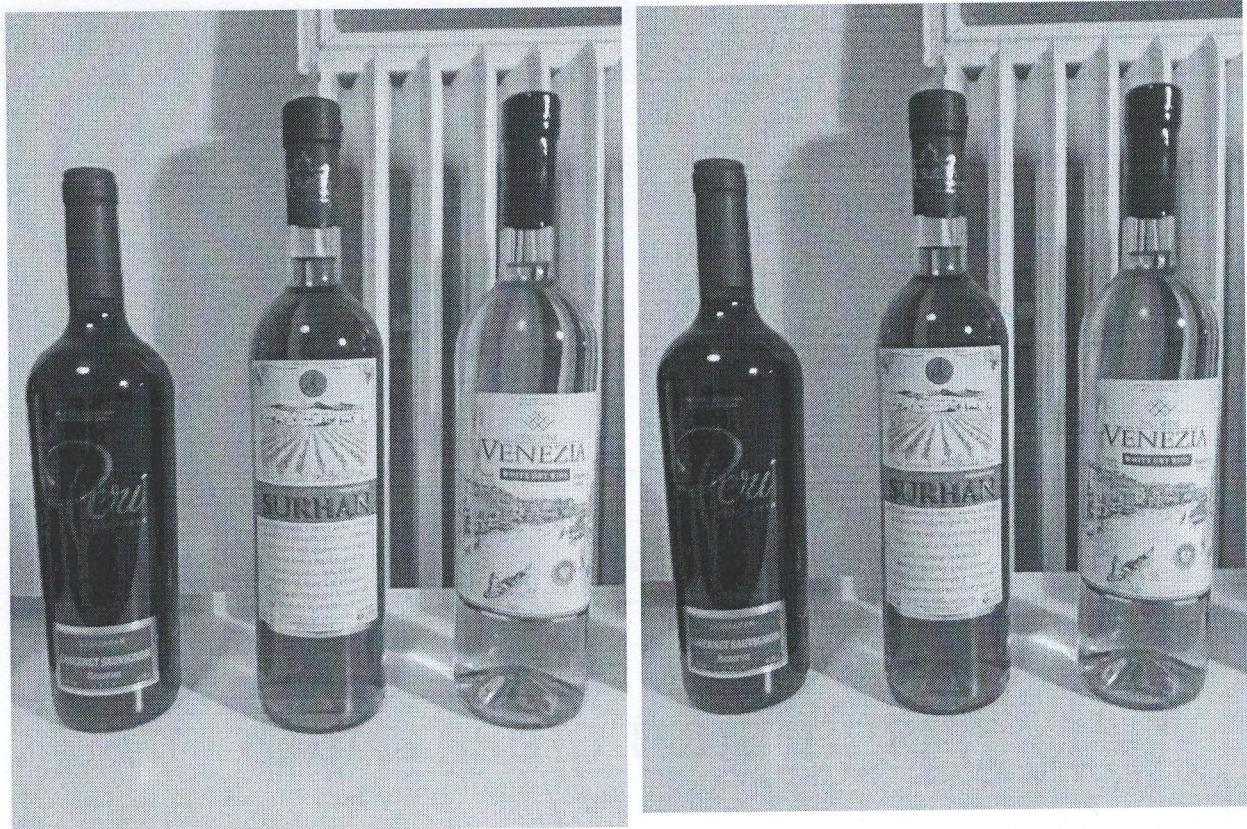

### H I S O B O T

**Stajirovkaning maqsadi:** Respublikamizda ishlab chiqarilayotgan vinomaterial va tayyor vinolarini (gaz xromatomass spektroskopiya, YIQ, O’IQ, YMR) tahlil qilish.

29.06.2023 sanada Kopengagen Universitetiga tashrif buyurildi. Institut jamoasi bilan tanishib, mavjud laboratoriya qurilmalari haqida ma’lumot olindi. Olingan ma’lumotlar asosida yurtimizdan olib kelingan vinomaterial va tayyor vinolarini tahlil qilishning rejasini tuzib olindi.

Gaz-xromatografiyasi-Mass-spektormetriya (GS-MS) va infraqizil (IQ) spektroskopiya uskunalaridan foydalanib vinomaterial va tayyor vinolarning asosiy fizik-kimyoviy ko’rsatkichlari tahlil qilindi.

Olingan natijalar asosida xozirgi vaqtida ularni statistik qayta ishslash va natijalarni tahlil qilish ishlari amalga oshirilmoqda.

Stajirovka so‘ngida “Chemical analysis of wine” mavzusida “Internship training” sertifikatiga ega bo‘ldik.

Olingan bilim va ko‘nikmalar asosida bakalavriatura va magistratura bosqich talabalari uchun xromatografiya va spektroskopiya mavzusi bo‘yicha metodik qo‘llanma tayyorlanib, ularga zamonaviy uskunalarning ishslash tartibi va tahlil qilish usullari to‘g‘risida ma’lumotlar kiritib boriladi.

Toshkent kimyo-texnologiya  
instituti “Enologiya va umumiyl  
ovqatlanisni tashkil etish” kafedras  
mudiri, f.d.(PhD), dotsent

A.X.Boboyev

CERTIFICATE  
of  
«Internship training»

«Chemical analysis of wine»

This is to certify that Akmaljon Boboev completed Advanced Internship Training on *Chemical analysis of wine using Liquid Chromatography-Mass Spectrometry (LC-MS) and Infrared (IR) spectroscopy*. Training period lasted for ten weeks (26.06.2023 till 07.07.2023).

Total amount of hours: 250

«Bekzod Khakimov»

«Associate Professor»

10 July 2023

CERTIFICATE  
of  
«Internship training»

«Chemical analysis of wine»

This is to certify that Umid Abdullaev completed Advanced Internship Training on *Chemical analysis of wine oils using Liquid Chromatography-Mass Spectrometry (LC-MS) and Infrared (IR) spectroscopy*. Training period lasted for ten weeks (26.06.2023 till 07.07.2023).

Total amount of hours: 250

«Bekzod Khakimov»

«Associate Professor»

10 July 2023
